Weather Forecast.

For North Carolina—Rain and cooler Wednesday; Thursday fair, cooler in east portion, fresh to brisk southwest to northwest winds.

A good thing—to marry into the family of an insurance president.

Our esteemed contemporary the Richmond News-Leader says: "The Virginia Republicans party be fresh.

Since seeing the first edition of the Daily Industrial News, Congressman Blackburn will think better of starting a newspaper to compete with it.

The insurance magnates say they had to spend piles of money to watch legislation. Of course, we understand that watch in this instance means "scotch."

Col. Benjamin D. Greene and Major John F. Gaynor, who have been spending the Summer in Canada, arrived in Savannah on Monday to spend the Winter.

The Savannah Press remarks: "There is a chorus girl famine in New York. If this keeps up the theatrical trust won't have a leg to stand on." Sure Mike. It will surely be left in bad shape but it may get through on a tight squeeze.

The Agricultural Department has imported 65 goats from the Island of Malta for experimental purposes. It is to be hoped that Secretary Wilson will not allow them to butt into the administration's seapegoats.

When men like the insurance magnates declare they were not guilty of intentional wrong doing, the swell set with which they run is new," one of its leaders is reported as saying. And fresh." Can't see how anything rank can accepts the statement. When an ordinary thief denies his guilt his statement is regarded as a ruse to keep off the chain gang.

The New York women demand separate cars and separate waiting stations because men will violate the anti-smoking rules, much to the annoyance of women. Separate smoking cars for men don't seem to protect them and it appears that the only way to afford the women relief is to have waiting rooms and coaches into which smokers and all other men shall be kept out. Now, will you be good.

GAYLORD'S ANNUAL DISPLAY

Fall Millinery Opening at Mammoth Department Store of Wilmington's Largest Individual Merchant.

The annual display of Fall and Winter millinery and dress goods at the mammoth department stores of Mr. Geo. O. Gaylord, Nos. 206, 208 and 210 North Front street, began yesterday and will continue through to-day with all the elaboration and magnificence for which the big establishment has become famous.

The millinery department, of course, is the cynosure of all eyes and this year, Miss Alma Brown, the accomplished head milliner, has a wealth of beautiful styles and shapes to exhibit, including many creations from the workrooms of Mr. Gaylord's own store. Some of the leaders are the feather turbans, the ermine furs. Some of the favorite shapes are the "Pilgrim Fathers," the "John Jones" turbans and a number of other now spread out at the store in countless numbers for the inspection of the public. Some of the favorite trimmings are very large birds, colored ostrich feathers and pom poms. Another feature of the display is an assortment of all the new felts and Chenille hats in fancy shapes. The firm is exclusive agent in Wilmington for the famous Gage's ready-to-wear hats, which retail from $5 to $8. There is also a full line of velvets, ribbons and ostrich goods. The leading colors are all shades of prunes from the deep to lilac, while a good many white hats will be worn this season.

Across from the millinery department a large stock of cloaks and coat suits is shown. There is also in the same building an immense stock of mattings and carpets and furniture with everything else in the house furnishing line. Of course, this display is not pertinent to a millinery opening but people who go to Gaylord's may see a display of everything that is useful and essential in the American home. The opening this year covers a scope never before undertaken in Wilmington and one is impressed with the immensity of a retail and wholesale business such as the one owned and under the personal control of one man.

For the millinery opening Miss Jennie Stanland is presiding at the piano and the music in connection with the brilliant display is very pleasing.

Downstairs there is a fine showing in the dress goods, silks and novelty department at the head of which is Mr. F. A. Muse, a gentleman of wide experience in his line, affable and courteous. A few of the leaders are the plaid novelties, satin prunellas in all the different shades, chiffon broadcloths, plaid silks, the latest out, and a fine line of mohairs in all the fashionable shades.

Mr. Gaylord has a small army of salesmen and saleslades and the visitor is assured of the most prompt and courteous service. The public is invited to come to the store to-day. The hours are from 8:30 to 7 P. M.

A brief account of the really big opening would be incomplete without a complimentary reference to the decorations by Mr. Walton Walters. The effect of his artistic hand is seen in the large show windows and, in fact, all over the store, adding no little to the success of the opening.

LOCAL DOTS.

—Services, First Church of Christ, Scientist, this evening at 8:15 o'clock, Odd Fellows' building, second floor. All are invited.

—The Corinne Runkel Stock Company will play all next week at the Academy of Music. It is said to be one of the best of its kind on the road.

—On the local market yesterday spirits turpentine advanced to 68 cents. Rosin was firm during the day at $3.55 per barrel bid, but after hours there were sales at $3.60.

—A telephone alarm at 4:50 P. M. yesterday brought the Fire Department to No. 17 South 16th street. Sparks from a chimney damaged a house occupied by Francis Jarvis to a small extent.

—The cases of the half dozen Syrians, charged with an affray on Market street, were continued in the police court yesterday until to-day. Brooke G. Empie, Esq., appears for some of the defendants.

—Mr. Fred G. Middleton, of Warsaw, and Miss Catherine J. Stolter, of Wilmington, will be married in this city this evening. A reception was given the bridal party last night at the home of the bride-elect.

—The British steamer Langbank, 2,966 tons, Capt. Rout, arrived yesterday from Philadelphia for cargo of cotton. She is the largest vessel to come here this season and will probably take away in the neighborhood of 17,000 bales of the staple.

—Mr. James Walton and crew of fishermen at Wrightsville Beach yesterday morning with a single seine caught 4,000 bunches of fine roe mullets. The catch was brought up on a freight car of the Consolidated Company and disposed of through local dealers. The crew expects to make another big catch this morning.

New Hook and Ladder Truck.

The new hook and ladder truck for the Fire Department was formally put into the service by Chairman Rathjen and Chief Schnibben at 5 o'clock yesterday afternoon. In honor of the event Mr. Rathjen presented to the laddies at the station a box of fine cigars and congratulated them upon the new appliance which is a model in every respect. It is light, easy-running and has all the equipment of the most modern truck.

THE CLANSMAN HERE

Rev. Tom Dixon's Production of Famous Historical Novel on the Local Stage

TWO IMMENSE AUDIENCES

The Play Condemned and Commended. A Variety of Opinion—Box Sheet Office Receipts, However, Continue Record-Breaking.

The ordinary newspaper man without the gift of philosophy and lacking in the power of analysis where great sociological problems are concerned, quails before the task of passing upon, critically, a play of the character of "The Clansman," which was presented here at the Academy of Music last evening to an audience of all white people which taxed even the standing-room capacity of the theatre. To many the show was pleasing; to others, a harbinger of evil. To this humble critic it seemed good; a trifle over-sensational, perhaps, but lacking nothing in deep human interest and strong dramatic action. Those in a position to know pronounce it an accurate and graphic portrayal of those times of which the younger generation of the South already knows too little. Others shake their heads melancholily and are inclined to agree with the Norfolk critic, who likened Mr. Dixon's play to a rapidly moving train with a stick of dynamite dangling behind. Still others say that some features of the production are too suggestive and too repulsive for the stage. One such ventured the assertion that had Mr. Dixon been called before the curtain just after the hypnotic exhibitions of the negro brute in the cave scene last night, the author would have been openly hissed.

One gentleman whose opinions upon any subject are valuable, expressed the view that so far from being condemned the play should be commended. He takes the position that it will not unduly excite the feelings of the whites, because they know those times are past, but it will give them an appreciation of what may be expected from the higher education and the stimulation of the ambitions of the negro. It is pronounced educational in that it is true to history, and will reach many people, who do not or have not the opportunity to gain the knowledge from books. The gentleman referred to was of the opinion that the piece was capable of a much stronger presentation than it received last night.

Mr. Austin Webb, who played the part of Lynch, the mulatto Lieutenant Governor of South Carolina, had a true conception of his role and portrayed it excellently. Little Violet Mersereau, took the child's character in the production and well handled it, but James B. Martin, as Dr. Richard Cameron, hardly gave to that impersonation what one would expect in a gentleman of the Old South. Ben Cameron, the hero of the play, was very well taken by Mr. Franklin Ritchie, who might have been a trifle too melodramatic. The negro characters were rather more true to life than the ordinary stage type, Gus, of the Black Guard, and Nelse, a negro of the old school, true to his master, having been well taken. R. G. Thomas as Gen. N. B. Forrest, Wizard of the Clan, was good both in make-up and his lines.

Mr. Dixon was not with the show as expected. He left the company at Durham, returning to New York for the purpose of organizing another company to produce "The Clansman" in the West. It will be late in the season before the show completes its tour of the South and tries out in Yankeedom.

The production last night was excellently staged and all the lighting effects were of the best. Especially good was the Ku Klux Klan scene in the cave where judgment was pronounced on "Gus" and he was led out for the swift retribution that inevitably awaits the nameless crime in the South.

The audience last night was the largest of the season, but not surpassing the record in Raleigh, which has a somewhat larger parquet than the theatre here. The receipts last night were $1,300 in round numbers, while it was almost as much at the matinee, the difference being the price of seats, for all were taken.

The company left last night by special train in order to make connection at Hamlet for Charlotte this morning.

LYCEUM NUMBER TOINIGHT.

Old Homestead Quartette Will Inaugurate the Season.

The first Lyceum number will be presented at the Academy to-night and will be the Old Homestead Quartette, which is a well known musical organization and one that ranks first in its line. The Quartette is composed of well known singers and is the original Old Homestead Quartette; consequently something good may be expected. The programme to be presented will be both classical and popular and will therefore cater to all tastes. Seats may now be reserved at Plummer's.

Wilmington Presbytery.

The Fall sessions of Wilmington Presbytery will convene at 11:30 o'clock this morning at the Presbyterian church at Calypso, Duplin county. The opening sermon will be by Rev. P. McIntyre, of Faison, the retiring moderator. Pastors of all Wilmington churches and many from this section, with ruling elders, will go up to Calypso for the meeting on the northern train this morning. Mr. Oscar Pearsall is the lay delegate from St. Andrew's Presbyterian church, and Mr. H. W. Malloy, from the First church. In the absence of the pastor, Dr. McClure, Secretary Chas. Dushan, of the Y. M. C. A., will conduct the prayer service at Saint Andrew's church to-night.

BICYCLES TO PARADE.

Will Be Feature of Big Procession During I. O. R. M. Carnival.

A big parade, featured by a long procession of gaily decorated bicycles, will be one of the events of the Red Men's Fall Festival to be held here next week. In addition to the bicycles, the management also hopes to have in line the three military companies of the city, the Fire Department and a number of floats of local business men. The night of the parade will be Wednesday, 18th.

The bicycle feature of the parade is in charge of Messrs. W. B. Savage and E. E. Fulcher and a prize of free admission into all the shows on the Carnival midway is offered for the best and most tastily decorated machine in line. The gentlemen named will be glad to give to any rider interested ideas of how to decorate their wheels and all particulars relative to the contest. Starting at the corner of Third and Princess streets, where various departments of the parade will assemble at 7:30 o'clock, the line of march will be as follows: Down Third to Red Cross, to Front, to Orange, to Fifth, to Market, to Third, thence to starting point and disband. Here the awards will be announced to the winning bicycle rider, and later the prize will be awarded.

RUN DOWN BY BICYCLIST.

Negro Rider Ran Down and Injured Little White Child.

A few minutes after 3 o'clock yesterday afternoon, William Lewis, a colorder bicyclist, ran over and severely injured the little seven-year-old daughter of Mr. E. J. Hardison, who lives at 113 Market street and clerks for Mr. J. B. J. Sandlin, on Second, near Market street. The child had just been sent by her mother to post a letter and had dropped the missive in the box and started to cross the street when the negro dashed around Second and Market street and ran over the child. He was detained by Mr. Hardison and other citizens until the police patrol wagon could come and convey him to the station house, where a charge of reckless riding was entered against him. Mr. Hardison is afraid the child is seriously hurt, and has asked that the negro be not allowed bail until the result of the injuries are known. The child was knocked down and both wheels of the bicycle passed over her body.

MR. GURDON S. DEMING DEAD.

Father of Mrs. T. C. Lewis, of Wilmington—Interment.

Mrs. T. C. Lewis, of this city, left yesterday morning for Greensboro in response to a telegram bearing to her the sad inteligence of the death of her father, Mr. Gurdon S. Deming, who passed away at the home of another daughter, Mrs. William Bogart, in Greensboro, Monday night. Mr. Deming had reached an advanced age, and while his death was not unexpected, it came as a sad blow to the family and friends. He was a skilled machinist and was one of the first engineers on the old Wilmington and Weldon railroad.

The remains of Mr. Deming were taken to Fayetteville yesterday afternoon for interment. He is survived by three daughters, Mrs. B. R. Taylor, of Fayetteville; Mrs. Wm. Bogart, of Greensboro; Mrs. T. C. Lewis, of Wilmington; one son, Mr. Fred Deming, of Chicopee Falls, Mass., and a sister, Mrs. B. E. Sedberry, of Fayetteville.

Six Before the Mayor.

Six cases were disposed of by the Mayor in the municipal court yesterday. Rachel Smith, colored, charged with being drunk and disorderly, was fined $10 and costs, and Rachel Roberts, for the same offence, was given 30 days in the workhouse. George McKoy, for violating the driving ordinance, was let off with costs. Chas. Miller, colored, charged with keeping an unsanitary pig sty at No. 701 Ninth street, was ordered to abate the nuisance and pay the costs. John C. Burnett, a colored shopkeeper in the northern section of the city, charged with selling wine on Sunday and without license, was bound to Superior Court under bonds of $50 in each case, which was given.

Saint James' Square Property.

Quit claim deeds from Messrs. A. L. DeRosset, Jas. A. Parker and wife, Fred A. DeRosset, W. L. DeRosset and wife and others, Graham D. DeRosset and others, F. W. Dick and wife and A. M. Parker and wife to the wardens and vestry of Saint James' parish were filed for record yesterday in the office of the Register of Deeds. The parties named are all heirs-at-law of the late Dr. A. J. DeRosset and the deeds are to quiet the title of the property known as "St. James' Square" which was recently sold by the officers of the parish to Mr. Thos. P. Bagley and re-sold by him to parties, who are now developing the lands as a residential section.

Change in Business.

Elsewhere in to-day's paper will be found a notice of the dissolution of the firm of Messrs. Croom & Jordan, Mr. J. L. Croom retiring from the business which will be conducted in the future from the same stand, No. 102 North Water street, by M. F. Croom & Co. Mr. J. L. Jordan has removed his family to Warsaw, N. C., where he expects to make his home after January 1st, of the new year. Until that time, however, Mr. Jordan will be with the Southern Distilling Company's family liquor store on North Front street.

Reception at Grace Church.

Handsomely printed announcements, bearing the following invitation have been mailed to friends in the city: "Reception at Grace Church Wednesday evening, October eleventh, nineteen hundred and five from 8.30 to 10:30, given by the Pastor and Official Board to the members and friends of the church and you are cordially invited to be present. Committee: W. E. Springer, W. B. Cooper, Jas. F. Post."

THE SUPERIOR COURT

Another Lengthy Day Devoted to Hearing of Monk Land Suit

MAY BE COMPLETED TO-DAY

Testimony Now Being Heard in Behalf of City—Cases Set For Trial Today—Habeas Corpus for Shockley—Other Notes.

All day yesterday the Superior Court was still engaged with the trial of the suit of J. W. Monk and others against the City of Wilmington, involving the title to the city rock quarry and the royalty upon a large amount of material already mined therefrom by the city under contract with the late W. A. Wright. It is hardly expected that the case will get to the jury before to-night.

Upon the convening of court yesterday morning, the plaintiff resumed its testimony tending to show continuous adverse possession of the property for many years by Mr. Monk. About 1 o'clock attorneys for the plaintiff announced that they would rest for the present. Counsel for the city then made the usual motion to dismiss under the Hinsdale Act, but Judge Allen ruled that the trial should proceed, due entry being made of the motion.

During the afternoon the City of Wilmington through its attorneys began their testimony, a large amount of which was documentary and consisting of grants and deeds tending to show a chain of title for the property from the year it was originally granted to settlers until it came into posession of the late Mr. Wright, with whom the city made its contract for the operation of the quarry.

Among the witnesses introduced were Mrs. Wright, Mr. Sol. J. Jones, Mr. Long and others. The court will resume its sessions this morning with still further evidence in behalf of the defendant.

The interests of Mrs. Wright are being looked after by Messrs. Rountree & Carr, while the city is represented by ex-Judge E. K. Bryan, Herbert McClammy, Esq., and Wm. J. Bellamy, Esq. The plaintiffs are represented by Hon. Jno. D. Bellamy and Messrs. Empie & Empie and Bellamy & Bellamy.

Cases set for to-day are Hilton Lumber Co. vs. A. C. L. Railroad Company; B. Solomon vs. Wilmington Sewerage Co., and Melvin Horne vs. Consolidated Railways Light and Power Co., the last named being a damage suit Messrs. Herbert McClammy and Woodus Kellum appear for the plaintiff and Iredell Meares, Esq., for the defendant company. There is a possibility that one of the cases may be reached to-day.

The argument in the matter of habeas corpus for M. W. Shockley will be heard in the court Friday. The petition has not yet been filed.

ST. ALOYSIUS TEMPERANCE.

Euthusiastic Meeting of Society Held Last Night—Officers.

A meeting of the St. Aloysius Temperance Society was held last night in the club rooms of St. Thomas' church at which the following officers were elected for the ensuing year:

Spiritual Director—Rev. Father Caraher.

President—Mr. Jesse Croom.

Vice-President—Mr. Thos. O. Green.

Secretary and Treasurer—Mr. James Bergen.

There was a large attendance of members, and a bright future for the society was evidenced from the enthusiasm on the part of the members. Father Caraher made an eloquent appeal for sincerity and earnestness among the members, as it meant so much for their future lives. The next meeting will be held Thursday at 8 P. M.

Bad Negro Bound Over.

Frank Smith, the drunken negro run wild, who terrified the neighborhood in the vicinity of the County Home a few nights ago, was arraigned for trial before Justice Furlong yesterday. Mr. Ben Turlington, the prosecuting witness, was present with three attorneys to push the case, being represented by Messrs. Herbert McClammy, Wm. J. Bellamy and Herbert McClammy. Smith was held under $100 bond for a secret assault upon Mr. Turlington and under bonds of $50 each in two cases of larceny and an assault with a deadly weapon upon Mr. F. A. Montgomery, keeper of the County Home. The negro was sent to jail in default of bond.

Messenger and Clerk to Mayor.

Mr. Thos. B. Henderson, lately with the Standard Oil Company in this city, has been appointed messenger and clerk to the Mayor, succeeding Mr. Melvin Middleton who resigned to take charge of the "Brooklyn" branch of the People's Savings Bank. There were a number of applicants for the position, but incidentally it came to the knowledge of Mayor Waddell that Mr. Henderson's father served in the same regiment with him during the Civil War, and there was no further trouble for him in deciding between the applicants. Mr. Henderson entered upon his new duties yesterday.

Sale of Fayeteville Bonds.

Fayetteville Observer: "The sale of the water works and sewerage bonds was made to-day shortly after 12 o'clock, by the municipal board of the city of Fayetteville, Mayor C. B. McMillan presiding, with the following results: The $100,000 in bonds, to run 30 years at 5 per cent., were bought by the firm of N. W. Harris & Co., of New York, to run 28 years net (two years of their limitation having passed), at par, with accrued interest, and the payment of a premium of $6,425.00."

FALL OPENING AT POLVOGT'S

Annual Display of Fashionable Millinery and Dress Goods at Leading Wilmington Establishment.

The sobriquet, "The Store That's Always Busy," was especially applicable to the fashionable dry goods establishment of The C. W. Polvogt Company on yesterday. All day long the handsome and modernly appointed new store of the firm, in The Southern building, was thronged with the fashionable and elite of the city, attracted thither by the annual display of Fall and Winter millinery and dry goods, which was this year more complete and even prettier than ever before. The decorations by Mr. Allie Price, a gentleman of experience and discriminating judgment in such matters, were pretty and effective, combing with the display of bright, new goods to make a scene of loveliness most pleasant to look upon.

It was "opening day" in every department of the attractive store but nowhere was the enthusiasm greater nor the display prettier than in the millinery department on the second floor. This department is now in charge of Miss Blanche H. Kerr, of Pittsburg, Pa., a lady of charming personality and a thorough master of her difficult art. She was lately with Joseph Horne & Co., of Pittsburg, the leading millinery outfitters in that part of the country. Outside of the imported creations, which are the very latest, a wealth of fine headgear is shown of Miss Kerr's own production. Smilax, palms, ferns and cut flowers are used as a back ground in the millinery department for the wealth of new fancies and fads in fashionable headgear for ladies. It is not for the masculine hand to write of the many beautiful things to be seen at the display. Hundreds of ladies present at the opening yesterday describe it as one of the most fashionable events of its kind seen here in a long time and a day is yet to those who desire to visit the store and see for themselves. The opening will continue from 8 o'clock this morning to this evening and Mr. Polvogt and Miss Kerr would be glad to see as many of the ladies present as the store will accommodate.

In the dry goods department of the store is shown a fashionable line of dress goods and silks in all the leading shades. These are largely in prunes and bronze green. The display of the newest fabrics in dress goods is perhaps attracting next attention to the show of millinery.

The centre, large, curved plate glass show window was designed by Miss Kerr and is filled with a few leaders in imported hats with a pleasing arrangement of palms and other evergreens. It attracts attention to the opening and was the object of much admiration by pedestrians along that way yesterday. The other two windows are devoted to a display of muslin underwear of which a special sale will begin this morning at 9 o'clock.

Another display which attracted no end of attention yesterday was that of carpets, mattings, rugs, all other floor coverings, window shades, etc., on the third floor. All the departments will be in full blast again to-day and the ladies are most cordially invited.

PERSONAL PARAGRAPHS.

—Mr. F. P. White, of Shallotte, was here yesterday.

—Mr. and Mrs. R. W. Wallace are guests at The Orton for a few days.

—Mr. F. J. Dempsey and J. A. Westbrook, delegates from Blackwell's Baptist church, left yesterday for Teacheys to attend the Wilmington Baptist Association.

—Among the Lumbertonians here to see "The Clansman" last night were Mr. and Mrs. A. E. White, Mr. Frank Gough and daughter, Messrs. A. P. and W. P. McAllister. They returned home last night.

—Dr. Geo. F. Lucas, one of the leading physicians of Pender county, was here yesterday for a conference with officials of the Atlantic Coast Line in regard to an improved passenger service on the Atlantic and Yadkin division of that system. Dr. Lucas found the officials whom he wished to see out of the city and will return later for a conference.

REVENUE FRAUD CASES GO OVER

District Attorney Holton Had to Take to Bed.

Greensboro, N. C., Oct. 10.—Although Solicitor Hays, of the internal revenue bureau at Washington, arrived here to-day to see what arrangements could be made concerning the continuance of the trial of former revenue officer, George W. Samuels in the Federal court on the charge of forgery, conspiracy and making false reports in office, which was stopped on account of the illness of District Attorney Holton, Judge Boyd was compelled to discontinue it and order a special term of court for the hearing of the case. The special term will be held here on January 3rd.

District Attorney Holton became worse to-day and was forced to take his bed. He is suffering a general break down.

N. C. Fire Underwriters.

The North Carolina Fire Underwriters' Association, an organigation of local agents throughout the State, of which Capt. J. VanB. Metts, of this city, is secretary and treasurer, will hold its annual meeting in the Senate Chamber at Raleigh on Wednesday of Fair Week, October 18th. A large attendance is confidently expected as many of the agents will be attracted to the State capital anyway on account of the visit of the President the following day. Mr. A. B. Dangerfield, of Winston-Salem, is president of the Association.

—In the matter of new sidewalks the north side of Princess street, between Water and Front, seems to have escaped the eagle eye of the committee. There is a stretch of one hundred feet or more in that locality that needs an entirely new sidewalk.

WILMINGTON, N. C.

Wednesday Morning, Oct. 11.

HOLD YOUR COTTON.

It is mighty refreshing for Mr. Dan J. Sully, of New York, to come along as he did at Raleigh on Monday and tell us that in his opinion cotton is going up to 14 cents. He advises the cotton producers and handlers of cotton to keep it off the market at present prices, and he is quite right in doing so. Whether the price goes to 14 cents or not, that is the only course left to cotton people to get above the low price to which the staple has fallen in the past week.

President Harvie Jordan, of the Southern Cotton Association, and President John S. Cuningham, of the North Carolina Cotton Association, urge the farmers to hold their cotton and the Star earnestly joins them in this wholesome advice. Every grower and every merchant who can afford to hold a bale of cotton will not only benefit himself but the aggregate of cotton growers in the South by so doing. It not alone helps the growers but all businesses and industries in the South to get good money for the cotton crop. A little backbone and a stiff upper lip among the cotton holders will be sure to witness an advance in the price of spot cotton.

Mr. Sully declares that it is his belief that the Bureau of Statistics has again overestimated the percentage condition of the cotton crop. The government reports last week made the condition 71.2 per cent., but Mr. Sully believes the real average is about 65 to 70 per cent.

We don't know whether the government's condition report has had so much to do with the depression is the market as the tremendous rush of cotton to the markets. The receipts have been unusually large at the ports and interior points and we have been looking for just such a slump as we have witnessed in the past ten days.

The Columbia State of Tuesday contains special dispatches from all over South Carolina, and the chorus from the various counties is that "the farmers are now holding for a higher price. Our enterprising South Carolina contemporary makes this summary or the reports:

"The State presents to-day, through the prompt work of its correspondents, an estimate of the condition of the cotton market in this State, giving reports from practically all the county seat towns which are rated as cotton markets.

"The most prominent idea brought out by the correspondents is that the crop of this year has matured early and that a large proportion of it has been gathered at this time, much more than is usual before the middle of October. The fact must be taken into consideration when the amount of cotton being held is estimated and when the disposition of the farmers as to a higher price is considered. It is apparent that during the first few weeks of the present season the farmers were induced by the favorable price to put their cotton on the market and that since the recent slump there has been a very general withdrawal from the market and the farmers are more disposed to hold for a higher price. This shows, incidentally, that the farmers on the whole regard 10 cents as a fair price for cotton, that it is indeed an attractive price to them.

"That there will be no sales to amount to anything at 10 cents is amply demonstrated by the statement from so many towns that there was practically no cotton on the market yesterday, when the price was ranging around 9 1-2 cents.

"The effect of organization among the farmers is hown by these reports. In those counties where the Southern Coton association is most thoroughly organized the farmers are keeping their cotton off the market most persistently and successfully.

"The effect of warehouses is shown by the statements from those counties where the warehouses are accessible, as in Richland and Greenwood. The number of bales in storage this year is much greater than last year and greater than the average. This proves that where warehouses are located the holding movement can be made most successful."

Our impriession is that the crop has been early throughout the cotton belt from North Carolina to Texas. There has also been premature opening in many cotton States. In all probability the biggest part of the 1905 crop is already into sight. It would be a pretty come to pass if we rush our cotton to market now to find out by Spring that the supply is short, causing prices to jump up where they ought to be. With good prices in the Spring and no cotton to sell, the growers would feel like kicking themselves.

Hold your cotton. The business men in Wilmington say so, too.

THE INDUSTRIAL NEWS.

The Star adds to its list of exchanges the Daily Industrial News, which made its appearance from its own publishing house at Greensboro on Sunday. It is the new Republican paper which former Senator Marion Butler and State Republican Chairman Rollins and others have been promoting, and a glimpse at it shows that the paper was conceived on a scope which indicates that both brains and money are at the back of it.

The Sunday edition contained twenty-four pages of matter and the typographic appearance of the paper is exceedingly attractive. Fine newspaper ability is displayed in every column and every feature of the paper, and it really comes out in a form that would make a good metropolitan model. Full press dispatches, special service from Washington and all over North Carolina, and its varied miscellaneous matter, make it really a magnificent publication

We are no ways grouchy about giving this estimate of the Daily Industrial News as a journalistic enterprise, but politically we dislike to see a paper of its pretences occupying a field in North Carolina. It is bound to be an influential paper if it lives and is conducted on right lines, but just what hope of final success such a paper has we are at a loss to know. Certainly its merits will deserve success, but we do get this from the purpose of establishing such a paper in North Carolina, and that is that the Republicans are going to make a dead set to capture the Old North State.

No woman can look beautiful without good health. A woman's good health depends on those organs peculiarly feminine, and which so often become disordered, causing misery and dragging-down pain. Nature's laws are perfect, health endures if you obey them, but disease follows disobedience. The distressing complaints of women are often brought about by catching cold at a critical period, breathing foul indoors' air and long hours of work and nervous tension. Go straight to Nature for the cure—to the forest. Dr. Pierce's Favorite Prescription is *Nature's cure* for the distressing complaints of women. Prof. King, M. D., in his American Dispensatory, says of Black Cohosh or Black Snake-root—"our early American Indians set a high value on this root in diseases of women. *It is surpassed by no other drug, in congestive conditions of the parts where there are dragging pains and tenderness.*"

Lady's Slipper root is a "nerve stimulant and tonic, improving both circulation and nutrition of the nerve centers—favoring sleep and cheerful condition of the mind; of service in mental depression, nervous headache, irregularities of women with despondency."—*Prof. King.* Besides the above ingredients there are—Golden Seal, Unicorn and Blue Cohosh roots in Dr. Pierce's Favorite Prescription.

Dr. Pierce's Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Over 1000 pages and illustrated. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

—What is known as the coast defense squadron, consisting of the battleship Texas, the monitor Florida, Nevada, Arkansas and six torpedo boats, have been stationed during the winter at Key West and Pensacola. This season, however, they are to be stationed at Charleston. The Texas draws twenty-seven feet of water, but her commander says he will take her into Charleston harbor with ease. This is a bigger advertisement for Charleston than the navy yard.—Charlotte Chronicle.

—The strong Southern sentiment in favor of Federal control of quarantine stations must be disconcerting to some of the venerable advocates of State rights. The stegomyia fasciata does not recognize State lines and has no particular regard for the theory of strict construction. As long as yellow fever persists in being a communicable disease the Federal government is the best agency to enforce quarantine regulations.—New York World.

—A negro would-be rapist caught by Kentucky authorities was tried in a box car of a freight train; the judge and jury boarding the car outside of Clinton, where the offense was committed. The evidence was heard, the verdict rendered and the sentence of seven years in the penitentiary was fixed in a few minutes, the proceedings being necessary to save the negro's neck from a mob waiting for him in the town. The action of the court and jury was commendable, but the necessity for such an extraodinary course is not cerditable, either to the law authorities of Hickman county or to the people thereof. It appears that in that section the law has to resort to the most extraordinary and most humiliating ruses in order to get itself enforced.—Chattanooga Times.

THE COTTON MARKET.

New York, Oct. 10,—The cotton market was somewhat irregular but showed a generally firm tone on covering by shorts and predictions for frosts in some portions of the belt for tonight. The close was a couple of points off from the top but steady at a net gain of 19 to 24 points. The sales were estimated at 450,000 bales. The opening was firm at an advance of 8 to 12 points in response to higher cables and predictions that could weather in the country north of the belt would work down into the cotton country. Some New Orleans operators who had sold on yesterday's break under a misapprehension as to census figures, were covering and prices in the early trading sold up to a net gain of 20 to 22 points. This was followed by a partial reaction under realizing and a renewal of bear pressure encouraged by the big interior movement which was regarded as indicative of the attitude of holders but after working off to within 10 to 12 points of last night's finals, the market was again rallied by the official prediction for frost tonight in Arkansas, the territories and western Texas. The weekly bureau report was considered about a stand off. Southern spot markets as officially reported were about unchanged to 3-16 lower.

Receipts at the ports today were 79,610 bales against 691,640 last week and 84,031 last year. For the week, estimated 375,000 bales against 348,744 last week and 398,595 last year. Today's receipts at New Orleans were 5,413 bales, against 21,405 last year and at Houston 32,106 bales against 27,721 last year.

Coal -- Wood -- Coal

A Convenient Way to Buy Coal.

We have a constantly increasing number of customers who purchase their Winter's coal supply as they are able. When they have the price, they buy a ton, pay for it, and have it sent home. A little later on them get another ton and so on until their full supply is all in. Doing it this way the weight of the whole purchase is not felt. At the same time they have their fuel supply laid in and paid for ready for use before the Winter comes.

If you cannot order your whole supply at once try this plan. We are as pleased at receiving an order for one ton and give the same attention as one for a large quantity.

SPIRITS TURPENTINE.

—Insurance Commissioner Young at Raleigh has granted license to the order of United Commercial Travelers of America. It is a fraternal organization.

—In the whiskey election held in Elizabeth City on Monday, the town went dry by 51 majority. Two years ago the city went dry by a large majority, but 120 saloon men were, at that time, disfranchised. They voted in full force this time. The prohibitionists claim a great victory.

—A Norfolk dispatch on Monday says: Mrs. Elizabeth C. Daniel of Tarboro, N. C., died at the Sarah Leigh Hospital yesterday and her remains were this morning forwarded to her home for interment. She was 55 years of age and a widow. She had been to Baltimore for treatment and was returning home, having been relieved of the trouble for which she went to that city. Just before the time for the train to leave here for Tarboro, four days ago, she was taken ill with another trouble and was carried to the hospital where she died of broncial pneumonia.

—A dispatch from Washington, N. C., on Friday says: A young colored man, Mack Jones, was arrested here this morning at the Havens Oil Mill by Deputy Sheriffs Lucas and Campbell, charged with criminal assault upon a six-year-old colored girl in Edgecombe county. He answers exactly the description sent here from Tarboro. When arrested he said he knew nothing about it, yet his name was Mack Jones. He was lodged in jail to await the arrival of the officers from Edgecombe county. The letter to the sheriff from Edgecombe county stated that Jones was at work at the Eureka Lumber Company's Mill, but the officers learned that he was

—Messrs. R. L. Wright and P. S. Carlton, of Salisbury, have instituted what is declared to be a suit unparalleled in the State courts. The suit is against the Southern Railway and came about in a strange manner. ..ugust 23rd of this year, Mr. J. S. Pender, of Salisbur., died on the train coming from Norwood. No one noticed him until a policeman discovered him. The heirs at law will hold that the company took no notice of his illness so far as helping him went, and in fact, the company was negligent because it failed to remove the deceased for medical treatment when he was discovered in a crtical condition. The counsel rely upon an Ohio case very similar to this, in which it was held that the company is under obligation to give medical and other care to the patients on the train. The suit is for $10,000 and will be prosecuted in the Rowan court.

—A lively pistol battle occurred at Smithtown, a few miles north of Danbury, Stokes Thursday afternoon, in which Deputy Sheriff John Smith was wounded in the side and two young men of the crowd who attacked him were also shot. The trouble occurred when the deputy was removing to jail Mrs. Frank Caldwell, who had just been bound over to court by a magistrate on a charge of retailing liquor. A crowd of men, headed by Oscar Sisk, set upon him, attempting to take the woman from his custody. The shooting followed the deputy's refusal to give up the prisoners, about fifty shots being fired in rapid succession. It could not be learned who fired the shot that struck deputy Smith or the other two men who were wounded so fierce did the fusilade rage for a time. The officer's wounds, while painful, are not considered serious. The extent of the wounds sustained by the others was not learned.

—A dispatch from Newton on Friday says: Ex-Postmaster A. C. Hildebrand, who lives on the outskirts of town, was shot and painfully, though not very seriously injured by his brother, George Hildebrand, about 4 o'clock this afternoon. The weapon used was a shot-gun, and Mr. Hildebrand's back and shoulders were severely peppered, one shot narrowly missing the juglar vein. While Dr. J. R. Campbell was extracting the shot the injured man fainted, but soon revived. The shooting was the outcome of bad feeling that has existed between the brothers for some time. They live on adjoining farms, but it is said, have not for a long time been on good terms. They are sons of Col. P. M. Hildebrand, and a number of years the recognized leader of the Republican party in this section.

—At Newton on Sunday, Captain Junius R. Gaither died as the result of an accident Saturday by which his left leg was crushed in a car of lumber at sis sash and blind factory. He was superintending the work of unloading, when a car which had been detached by a shifting engine crashed into his car crushing his leg between piles of lumber and horribly mangling it. He was taken home as soon as possible and the limb amputate above the knee, but the shock was too much for him and, despite a brave fight for life, he passed away about 22 hours after the accident. Captain Baither in 1864 enlisted in a battalion of 17-year-old boys for service in the war, going to eastern North Carolina. In May of that year, when the Seventy-Second Regiment of North Carolina troops was formed, he was chosen captain of Company E. and, with many of his comrades, was taken prisoner at Fort Fisher on Christmas day, 1864, and was held until the war ended.

—In the Durham Superior Court on Thursday, one case was settled that was at one time, quite a sensation. The plaintiff took a non-suit and the case went off the docket. It was the case of Adams, administrator, against three colored physicians, Dr. Moore, Dr. Shepard and Dr. Warren. He asked for damages in the sum of $5,000. The allegations in the complaint were that an aunt of Adams, Julia Stanfield, was under treatment at the Lincoln Hospital; that she was pronounced dead and her body shipped to Virginia. While the body was en route to Virginia, it is alleged that the woman showed unmistakable signs of life, that she groaned and made noises inside the coffin, that when the coffin was opened at Denniston Junction, that she had pulled the cotton from her mouth and ears and was covered with prespiration. Efforts were made to resuscitate her, but without avail. On this suit was brought against the three colored doctors and the case had been on docket since that time. The plaintic and did not certain necessary witnesses at court, and was forced to take a nonsuit. This ends the litigation.

—Daniel Hargrove, a colored man about fifty years old, who says he is from Greensboro, N. C., called at the White House in Washington on Monday morning to urge President Roosevelt to give him an appointment in the weather bureau. Hargrove said he was ordained as a weather prophet and was especially qualified to make weather forecasts. He went to Washington, he declared, to take up his duties as chief weather prophet of the government. He denounced the present system employed by the weather bureau and asserted that he alone had the right method of forecasting. Hargrove was arrested by secret service men and was examined for the purpose of determining his sanity. There seemed to be some doubt on this score, so he was held. Hargrove said he had lived at Woodworth, N. C.

—A dispatch from Asheville on Monday says: The commissioners of Buncombe county have purchased for the sum of $5,000 a modern residence and ten acres of land in the suburb of Grace, just north of the city, where will be located the "Children's Home," an institution for destitute children under the care and support of the county. The home will be moved from its present location on Charlotte street to the new home November 1st.

—At Greensboro on Monday at 7 P. M.: A street car coming in from Lindley Park struck an old demented colored woman, named Tina Staples, and instantly killed her. The woman was walking in the middle of the street and stepped in front of the car, which was running down grade rapidly, and the collision could not be avoided by the motorman, who reversed the current and applied brakes promptly.

NEGRO LYNCHED BY NEGROES.

Assaulted One Colored Girl and Attempted to Assault Another.

Bainbridge, Ga., Oct. 8.—A negro whose home is not known was lynched eight miles west of here to-day by a mob of his own race. The negro had criminally assaulted a negro girl and had attempted to assault another, who cut him in the breast. He was arrested by Deputy Sheriffs Ivy and Murkerson, who were bringing him to Brainbridge, when they were stopped by a mob of negroes. The latter demanded the negro. They took him from the sheriffs and forced them to go away on another road. The negro was strung up to a tree and riddled with bullets. None of the mob was apprehended.

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous for Wilmington People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undemined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Wilmington.

J. A. White, electrician for the Coast Line Railroad, at Rocky Mount, formerly residing at 206 North Sixth street, says: "I had great trouble with my back, right across the loins, and when I sat still for a while I hardly knew how to move and when I did you would think I was seventy-five years old. There were pains all over me and I could not tell where they were to strike me. I used liniments and lots of remedies, but nothing did me any permanent good until I procured Doan's Kidney Pills at Bellamy's drug store and used them. They helped me in a very short time and seemed almost to oil up my joints; in fact, I have not had the pains since I used them."

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Don't Borrow Trouble.

It is a bad habit to borrow anything, but the worst thing you can possibly borrow, is trouble. When sick, sore, heavy, weary and worn-out by the pains and poisons of dyspepsia, billiousness, Bright's disease, and similar internal disorders, don't sit down and brood over your symptoms, but fly for relief to Electric Bitters. Here you will find sure and permanent forgetfulness of all your troubles, and your body will not be burdened by a load of debt disease. At R. R. Bellamy's drug store. Price 50c. Guaranteed.

Conviction Follows Trial

When buying loose coffee or anything your grocer happens to have in his bin, **how do you know what you are getting?** Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out.

Could any amount of mere talk have persuaded millions of housekeepers to use

Lion Coffee,

the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in

Purity, Strength, Flavor and Uniformity?

This popular success of LION COFFEE can be due only to inherent merit. There is no stronger proof of merit than continued and increasing popularity.

If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER.

LION COFFEE is sold only in 1 lb. sealed packages, and reaches you as pure and clean as when it left our factory.

EXPRESS COMPANY ROBBED OF OVER $100,000

Employe at Pittsburg Made Way With Package and Also $1,000 of Company's Money.

By Wire to the Morning Star.

Pittsburg, October 10.—The startling discovery was made late today that the Adams Express Company has been victimized to the extent of $100,000 supposedly through the peculation of an employe.

The following official statement of the affair is given to the Associated Press for publication:

"At 4:15 P. M., Monday October 9th, a bank of Pittsburg, Pa., delivered to the Adams Express Company at their office at 610 Wood street, Pittsburg, a package of currency containing $100,000. Of this amount $80,000 was in $100 bill, $10,000 in $50 bills and the remainder, $10,000 in $5, $10 and $20 bills. The $100 and $50 bills, issue of the Farmers' Deposit National Bank of Pittsburg and the Benk of Pittsburg, N. A., were in the main entirely new. Some had been slightly used. The $5, $10 and $20 bills were old currency. The package containing this large sum of money was consigned to a bank in Cincinnati, Ohio.

"This package was received and receipted for by Edward George Cunliffe, who was then acting in the place of the regular money clerk who was ill. Cunliffe left the office at the usual time last evening and this morning when he failed to report for duty a hurried examination was made of his department and it was learned that about $1,000 of funds entrusted to his care were missing. General Agent Hiner, of the Adams Express Company immediately called in detectives and placed the matter in their hands. Later developments brought to light the fact that in addition to the $1,000 missing the bank package containing the $100,000 had not been received at the money forwarding office at union station, this city.

"Inquiries made at his residence, No. 314 Lucerne street, West End, Pittsburg, showed that Cunliffe arrived home at the customary time last evening, and after changing his clothes bade his family good bye, saying to his wife that he was going out for the evening and nothing further has been heard from him."

DIGNIFIED SPPREME COURT.

Won't Even Delay Case to Hear Secretary Root.

By Wire to The Morning Star.

Washington, Oct. 10.—That the Supreme Court of the United States cannot stop in the due course of business even to give ear to the Secretary of State was announced to-day in connection with the case of E. H. Wimbish vs. Henry Jamison. The case is on the docket for early hearing, and Attorney Alexander Ackerman, representing Jamison, made a plea for a postponement of the hearing for a month, saying that Mr. Root had been employed as counsel, but that his public duties are such that he could not give immediate attention to the matter. The Chief Justice said that a postponement of a week might be granted, but not more. "Greatly pleased though the court would be to hear Mr. Root, the business must go on." It was then decided to proceed without Mr. Root, Mr. Ackerman appearing for Jamison and Attorney Minter for Wimbish.

The case is known as the Georgia chain gang case, and involves the State's authorizing the Recorder of the City of Macon to sentence offenders against the city ordinance to labor on the public works. Jamison who was sentenced to such work took his case to the United State district court and Judge Emory Speer released him on the ground that the "punishment was infamous and contrary to the constitution of the United States."

Mr. Wimberly stated that Judge Speer had since released a number of other prisoners under similar conditions.

WARM WIRELETS.

Luther Billings, a negro 27 years old, was hanged by a mob at Brunswick, Tenn., yesterday. He had attempted to assault a white woman.

John Hill, an aged white man was hanged at Covington, Tenn., yesterday. He was convicted of wife murder.

Acting upon an order of the Treasury Department, J. E. B. Stuart, customs collector at Newport News, yesterday re-instated in office and restored to their former salaries two Democratic clerks reduced by him sometime ago.

While buyers in the New York dry goods market yesterday were conservative and their endeavors to secure concesisons were constant, the market remained very firm and buyers were met with persistent refusal to shade quotations.

At Houston, Texas, early yesterday G. B. Gray, cashier of the Commercial Bank of that city, shot himself twice with a revolver, dying almost instantly. He was about 40 years old and ranked high in Texas banking circles. There is no plausible reason for the act. The Commercial National Bank is one of the strongest institutions in Texas.

In Washington yesterday Attorney General Fitts, of Vermont, entered a motion in the Supreme Court of the United States for the advancement on the docket of the case of Mrs. Mary M. Rogers, under conviction by the Vermont courts on the charge of killing her husband at Bennington in 1902. He said that if the case should not be disposed of before December 8th next, great delay must necessarily result because of the conflict of the State and Federal laws. The motion was opposed by Mrs. Rogers' attorneys.

In Boston last night, Henry Wade Rogers, dean of the Yale Law school, was the chief speaker at a mass-meeting held in Faneuil Hall under the auspices of the Anti-Isperialist League. Moorfield Storey, of Boston, presided. In introducing Dean Rogers, Mr. Storey made a brief address, in the course of which he said that a government similar to that of Russia had been established by the United States in the Philippine Island. Dean Rogers spoke on "The Powers of the President."

FEVER RECORD FOR TUESDAY

Pensacola in Hopeless Struggle Against Epidemic and Frost is Only Hope

THIRTY TWO CASES THERE

New Orleans Had 18 New Cases and Four Deaths, Making Totals 3,230 Cases and 415 Deaths—Other Points.

By Wire to The Morning Star

New Orleans, Oct. 10.—The following is the official summary of the yellow fever in New Orleans up to 6 P. M. to-day:

New cases to-day, 18; total cases to-date, 3,230.

Deaths to-day,4; total deaths to date, 415.

New foci, 9.

Under treatment, 181.

Discharged, 2.263.

Three of the 18 new cases are above Canal street, but only one of them represents a new focus, that one being far up on Prytania street. There were only two admissions to the Emergency Hospital to-day, and one of them turned out to be turtian malaria; two patients were discharged and there were no deaths there. All of the four deaths were down town, and two of them were Italians.

The family from Rosetta, Miss., who were admitted to the hospital in detention, are still in good health and the average period for the development of infection has passed. They will remain there until Thursday.

Surgeon White went to Covington and Abita Springs to look into the situation there and says that there is nothing alarming in it. Another case was reported from there by the health officer, who says he traced it directly to New Orleans.

For the first time in a week, a new point of infection was reported from the State. Two cases were reported from New Iberia, whoch, up to now, has apparently been free from infection. An unusual question was put up to the State Board in connection with it. A man who lived in the infected neighborhood was in another part of the city when the health authorities put on quarantine, when they discovered him outside of the lines they tried to force him to return to his home, but he refused and appealed to the State Board. The attorney for the Board gave it as his opinion that he could not be forced back into line, but they could keep him under observation.

The country reports were as follows:

Kenner, 5 new cases.

Near Pattenville, 2 new cases.

Barrataria, 1 new case.

Covington, 1 new case.

New Iberia, 2 cases.

Fisher's Camp, 1 new case.

The reports from Mississippi were as follows:

Vicksburg, 4 new cases.

Natchez, 6 new cases.

Port Gibson, 2 new cases.

Gulfport, 5 new cases.

Mississippi Situation.

Vicksburg, Miss., Oct. 10.—For the 24 hours ending at 6 P. M. today, four new yellow fever cases were reported, the lowest number of any similar period for three weeks. There were no deaths.

After a trial extending over the greater portion of four days, Dr. D. A. Quin was today acquitted of the charge of having failed to report an alleged case of yellow fever.

An affidavit charging Dr. Joseph Waldauer, representative of State Board of Health with violation of the city quarantine regulations, was issued today. The charge is based on the removal by Dr. Waldaeur of a yellow fever patient from Hamburg to Vicksburg.

Natchez, Miss., Oct. 10.—Six cases of yellow fever were reported today. Five of the patients are negroes. The white patient is Fred Stanton, Jr., of Arlington Heights, a thickly populated residence section of the city on the East Side.

New cases today, 6; new foci, 4; total cases to date, 158; total deaths, 1; cases under treatment, 31; cases discharged, 7.

Big Increase in Pensacola.

Pensacola, Fla., Oct. 10.—The fever summary tonight shows a big increase in the number of new cases as follows:

New cases today, 32; total, 307.

Deaths, 3; total, 43.

Under treatment, 149; discharged, 113.

The large increase in the number of new cases was expected owing to the very inclement weather and the previous spread of the disease to all sections of the city. The number today is much larger than any date since the outbreak of the fever. A large number of suspicious cases were reported.

One of the deaths today was British Vice Consul Frederick Bonar, who was taken ill during the latter portion of last week. He had been here for five years, coming from Brest, France, where he was vice consul. His family is prominent, his father being in the consular service in Paris while his brother is consul general in Japan.

ANARCHIST HARMLESS NEGRO.

Wrote Alleged Insulting Letters From Birmingham to Roosevelt.

By Wire to the Morning Star.

Birmingham, Ala., October 10.—Having received a message from the government secret service of officials at Washington saying that H. S. Howard, residing on Avenue D. in this city, has been writing insulting letters to President Roosevelt, police authorities here arrested Howard today. The man proved to be an aged negro. He admitted that he had written the President two letters but denied that they were insulting or threatening. Howard said he had worried much over the disfranchisement of the negro, and had thought out a plan for the colonization of the black race. He had presented the matter to the President by letter, but had heard nothing from him. Howard said he was an elder in the church and a law abiding citizen. He denied any intention of insulting the President and said that when the executive visited Birmingham on the 24th. It was his intention personally to apologize to him. Howard was allowed to go. He is believed to be harmless.

WABASH CONTROVERSY

Ramsey Beaten But Will Make Fight on Point That Parallel Roads Can't Vote.

By Wire to The Morning Star

Toledo, O., Oct. 10.—No directors were chosen at the annual meeting of the Wabash today. The sesisons with the exception of two brief recesses lasted from 9 o'clock in the morning until 11:15 at night, almost the entire time being taken up by the examination of proxies. Although no figures had been given out by the inspectors of election, it is believed that the vote to be taken the first thing tomorrow morning will show that Mr. Gould has behind him about $22,000,000 of the bonds, and that Mr. Ramsey has in the neighborhood of $2,000,000. This makes certain that six men nominated by the Gould faction as directors representing the bond holders will be elected. These men are Russell, Winslow S. Pierce, R. C. Clowry, E. T. Welles, W. B. Saunders and R. M. Galloway. Mr. Ramsey has not shown sufficient strength to enable him to hold his seat as a director, and it is generally believed that he is weaker in stock proxies than he is in the bonds.

The result of the meeting now in progress will not settle the fight for the control of the Wabash road, if Mr Ramsey, adheres to the programme outlined today in the caucus of the Wabash bondholders, by his counsel, Judge Doyle.

When the proxies of the Farmers' Loan and Trust Company, and the Mercantile Trust Company, of New York, were produced giving to George Gould the right to the 5,435 votes represented by the honds owned by the Missouri Pacific and Iron Mountain railways, and which are held by the two trust companies. Judge Doyle formally entered a protest to the inspectors of election against the admission of the votes. He declared that they represented securities which are held by lines parallel to and competing with the Wabash road; that the holding of such securities by such railroads is illegal, and that therefore any votes representing illegal holders could not under the law be received.

"The protest I now make against the votes represented by these two trust companies," declared Judge Doyle. "I shall repeat tomorrow in the caucus of the stockholders, and I now serve notice that the result of any election in which these votes are counted will be hereafter contested in th courts."

NATIONALS VS. AMERICANS.

Philadelphia Baseball Team Turns able on New Yorkers.

By Wire to the Morning Star.

New York, October 10.—When two well trained ball teams are pitied against each other with the points covered by men of acknowledged cleverness, there is always a doubt as to the outcome until the game is completed. The truth of this was proven today when in the second game of the world's championship series the Philadelphia champions of the American League defeated the National League champions on the Polo grounds. The visitors put in their Indian pitcher, Bender, with Schreckengost to handle him against McGinnity and Bresnahan. The visitors battery was excellently supported, as was the local end for two innings. But in the third inning Gilbert made a costly error which gave the visitors a lead which they never relinquished. McGinnity was relieved in the altter half of the eighth inning, Strang batting in his stead and Ames going into the box.

The change did not prove effective, however. In the third inning Schreck sent a grounder to Gilbert, who threw wildly to first and the friends of the local team groaned when the batter was safe. Bender made a neat sacrifice. Hartsel tried to send the ball to the boundary, but was an easy out. Lord, the next up, was the right man in the pinch as he singled to center, scoring Schreck. Davis was thrown out by Dahlen and the inning ended in favor of the Philadelphians, who had tallied one run.

Monte Cross struck out at the beginning of the eighth inning but Schreck singled to left. Brown made a beautiful long running catch of Bender's foul fly. Harstel then doubled to left but the relay throw from Mertes through Devlin to the plate was dropped by Bresnahan and Schreck scored. This was another run made on an error. Then Lord singled bringing Harstel in with the final run of the game.

Innings:

New York .....000000000—0.

Philadelphia .....00100002 0—3.

Summary: Two base hits, Bresnahan, Donlin, Hartsel. Sacrifice hits, Bender. Stolen bases, Dahlon Devlin. Hits off McGinnity 5 in eight innings; off Ames one in one inning. Left on bases, New York, 7; Philadelphia, 5. First base on balls, off Ames, 1; off Bender, 3. First base on errors, New York, 2; Philadelphia, 3. Struck out by McGinnity 2; by Ames 1; by Bender 9. Time 1:55. Umpires O'Day and Sheridan. Attendance 24,902.

CABINET SPELLBINDERS.

President Roosevelt Thinks They Should Not Campaign.

By Wire to The Morning Star.

Washington, Oct. 10.—Informal, but serious consideration was given at today's cabinet meeting to the subject of the participation of members of the cabinet in local campaigns. The President, let it be understood that, inasmuch as he had declined to be drawn into political controversies, he doubted the propriety of cabinet officers, speaking in behalf of individual candidates, unless, indeed, their participation in campaign work should be confined to their States. It is quite probable, that with the possible exception of Secretary Shaw, who has made some definite engagements, the members of the cabinet will confine their campaign speaking to their own States

LAVISH DOINGS IN INSURANCE

Officials of Big Companies Defiant in Telling About Spending Thousands

JUSTIFY CORRUPTION FUNDS

All Right to Beat Democratic Party With Money—From $15,000 to $14,000 Contributed by the Mutual Life.

By Wire to The Morning Star.

New York, October 10.—The sessions of the insurance investigating committee were terminated for the week at the adjournment today, because of the death of S. Fred Nixon, speaker of the assembly legilature of New York at his home in Westfield.

The testimony today did not elicit any information of a sensational nature beyond what had been discounted in the testimony of previous witnesses. The feature was the presence as witnesses of the executive officers of the Muautal Life Insurance Co. These were President Richard A. McCurdy and Vice President Grannis and Gillette.

While it had been hinted last week that some expenditures charged to legal expenses, might have been contributions to campaign committees, it was announced definitely by Dr. Gillette that the Mutual Life contributed $40,000 to the Republican national committee last Fall; that in 1900, $35,000 was contributed and in 1895 $15,000 was given for campaign purposes.

Dr. Gillette testified that he paid these amounts personally in cash, and later in the day Mr. McCurdy said that while he knew campaign contributions had been made he did not know the amounts. He said that no contributions had been made to campaign funds before 1896 and that no contribution to State or municipal campaigns had ever been made in this or any other State. The contribution of $25,0000 to the Congressional campaign committee, Mr. McCurdy said he knew nothing about until it came out in the testimony last week.

An interesting statement was made by Robert Oliphant when he was on the stand early in the day. Mr. Oliphant is chairman of expenditures and he could not tell what the $25,000 items drawn to his order were for beyond that they were for legal expenses. He said the company maintained a confidential fund for expenditures for which no voucher was taken and no receipt was received. These payments were made upon the assurance of an executive officer that they were all right.

Vice President Grannis knew little about the contributions to campaign funds but justified them on the same grounds as President John A. McCall, of the New York Life that the free silver plank in the Democratic platform, was a menace to the interests of the policy holders.

When Mr. Grannis was called he assumed the entire responsibility for the terms of the contracts with C. H. Raymond & Co. by which that firm made such large profits. When the method of the expenditure of the $25,000 items was inquired into Mr. Grannis admitted that the general solicitor could get $25,000 any time he wanted it without lisclosing for what purpose he wanted it and without rendering any account of it. He further said he never knew where a cent of the money spent by the general solicitor went.

In taking up a detailed list of the company's expenses, Dr. Gillette said that the company last year paid $72,000 for luncheons for the employes. It is a custom for the company to furnish their clerks with luncheon. This is at the rate of about $250 a day.

President McCurdy was on the stand all of the afternoon session. Mr. McCurdy testified that he never knew what Mr. Thebaud, his son-in-law, was getting out of the business of C. H. Raymond & Co. and said he did not think it was any of his business to ask about Mr. Thebaud's personal affairs. He said the company did the business to get the commissions and that was all he knew. All contracts were made without his knowledge. Witness said on the matter of salaries that he never requested that his salary be raised and all such increase he took as complimentary to his management of the business. They were always made by the committee on salaries of their own volition.

Toward the close of the session, Mr. McCurdy made the startling statement that an insurance company was not an institution founded to make money for the policy holders, but was, or should be a great philanthropic enterprise founded to increase and spread its benefits over the earth.

"There has been a great mistake," he said, "about the real province of life insurance companies in these latter years. People have been lead to believe that the main purpose was to make money for its policy holders. In my view that is not the purpose of such companies. They are eleemosynary. When a man insured in a company he should take into consideration the fact that he has entered a great philanthropic concern that is in duty bound to spread itself, even though this growth prevents him from realizing as much as he expected."

It was brought out that the witness and Dr. Gillett had enough proxies of policy holders to control the board of trustees by electing its members. Mr. McCurdy said he understood that the policy holders have sufficient confidence in the Mutual to take out policies, and leave the management to the officers.

FERTILIZER MANUFACTURERS.

National Association To Meet in Asheville for Three Days.

Asheville, N. C., Oct. 10.—The National Fertilizer Manufacturers' Association met here this evening for a three days' session. The opening session was given up to reading of the reports of officers and an address by Dr. A. L. Metz, of New Orleans. There are about 100 members of the association present, including representatives of practically every fertilizer manufacturing plan in the country. A number of prominent manufacturers will deliver addresses.

By Wire to The Morning Star.

Trenton, N. J., Oct. 10.—Harry C. Hoskins, of New York, began suit in chancery today to compel Thomas F. Ryan, vice president of the Mortcn Trust Company to account for a share of the profits which he alleges Ryan derived from the promotion of the United Lead Company. The company was organized in January, 1903, with an authorized capital stock of $5,000,000. Ryan was in control and Hoskins claims that the options which he had secured were the result of information derived from Hoskins and which had come to him as the result of years of study of the trade conditions in the lead industry. Hoskins says that his plan was to unite the lead companies not then included in the National Lead Company with the purpose of either competing with the trust or to combine with it to control the total output of lead and also the product of the American Smelting and Refining Company. Hoskins secured options on a number of plants and after consulting with Edward W. Nash, then president of the American Smelting and Refining Company, he received from Daniel Guggenheimer a letter introducing him to Ryan, who he claims, agreed to go in with him on a partnership in promoting the enterprise.

HALL OF FAME TABLETS.

Patrick Henry, John C. Calhoun and Andrew Jackson Rejected.

By Wire to The Morning Star.

New York, Oct. 10.—Three women and five men were chosen today to receive tablets in the Hall of Fame at New York University, when the canvass of the votes in the second quennial election was completed. Maria Mitchell was the only American scientist elected though Louis Agassiz, with 82 votes, secured admission as a foreign born American.

Mary Lyon, founder of Mount Holyoke college, and Emma Willard, the author of "Rocked in the Cradle of the Deep" and a famous educator, were the other women honored.

Alexander Hamilton with 87 votes, being the highest number received by any candidate at this election, and John Paul Jones, with 53, share with Agassiz the honors of being the first American immortals of foreign birth.

John Quincy Adams, whose tablet will occupy a niche next to that of his father, John Adams, was chosen with 58 votes, and James Madison with 56.

Patrick Henry, John C. Calhoun and Andrew Jackson fell a half dozen votes short of securing bronz tablets to record their fame and Samuel Adams was again defeated. James Monroe's votes numbered only 23. Seward, Sumner, DeWitt Clinton, Garfield, John Jay and Stanton were among the statesmen who failed to be elected.

GOVERNMENT CROP BULLLETIN.

Cotton Condition Slightly Deteriorated Tobacco Shows Increase.

By wire to The Morning Star

Washington, Oct. 10.—The general summary of the cotton region weather crop bulletin issued by the Weather Bureau to-day is as follows:

"Over most of the cotton belt the weather conditions during the greater part of the week, October 9th, were favorable for picking cotton. Rains interrupted picking, however, during the early part of the week in portions of Texas, Oklahoma, Louisiana, Mississippi and Florida and in local areas in Alabama and South Carolina. The reports indicate that the general condition of cotton over most of the cotton area is being slightly changed as compared with the previous week. A slight deterioration is shown in Florida and portions of the central and western districts where insects have been very destructive, the boll weevils being reported in increased numbers in Texas. In Central Texas and in portions of Oklahoma, Alabama, Georgia and Florida open cotton was damaged by rosin, which also caused sprouting of bolls in portions of Mississippi and Louisiana."

The monthly report of the Department of Agriculture gives the average condition of spring wheat at 89; corn, 89.2; oats, 92.4; barley, 86.2; rye, 92.6; buckwheat, 91.6; flax, 91.5; potatoes, 74.3.

The average condition of tobacco on October 1st was 85.8, as compared with 85.1 one month ago, 85.6 on October 1, 1904, 82.3 on October 1, 1903, and a five average of 79.1.

The average condition of rice on October 1st, was 89.3 as compared with 92,2 one month ago, 87,3 on October 1, 1904, and 90.6 on October 1, 1903.

STILL ANOTHER INVITATION.

President Roosevelt Asked to Visit Winthrop College.

By Wire to The Morning Star

Washington, Oct. 10.—Professor D. B. Johnson, president of Winthrop College, at Rockhill, S. C., one of the largest industrial institutions for women in the South, today invited the President to visit the college on his approaching Southern trip. As a member of the board of trustees of the Peabody fund, the President has been interested in Winthrop college since its establishment. It will be probably an important beneficiary of the Peabody fund when it is finally distributed. The President said that the arrangements for his trip had been completed and it would not be possibit for him to visit the institution.

SOUTHERN RAILWAY MEETING.

Stockholders Met in Richmond But Little is Made Public.

By Wire to The Morning Star.

Richmond, Va., October 10.—The twelfth annual meeting of the stockholders of the Southern Railway Company was held at the general office of the company in this city today. The report of operations for the fiscal year ending June 30, 1905, was submitted and approved. All actions of the board of directors since the date of the last stockholders meeting were ratified and confirmed. Samuel Spencer, Charles Steele, Harris C. Fahnestock and William W. Finley were elected directors of the third class for a term of three years. Colonel A. B. Andrews, first vice president of the company, acted as chairman of the meeting.

EDITOR TECHNICALLY GUILTY.

Mr. Williams, of Richmond News-Leader, Violated Election Law.

Richmond, Va., Oct. 10.—In the case of Alfred B. Williams, editor of the News-Leader here, who was charged with violation of the election law in the recent Democratic State primary, the jury today returned a verdict of guilty and fixed the amount of the fine at $100 at the same time expressing the belief that Mr. Williams violated the law unintentionally and recommending that the fine be remitted.

AMERICAN BANKERS MEET.

National Association In Annual Session at Washington.

By Wire to the Morning Star.

Washington, Oct. 10.—More than 2,000 bankers have registered their attendance at the 31st annual session of the American Bankers' Association which convenes in the new National Theatre here tomorrow. Several meetings of sections of the association were held today when important action affecting various phases of the banking interest was taken. At the meeting of the trust company section the question of Federal control of trust companies was referred to somewhat evasively. No one came out squarely in advocacy of it, but each speaker voiced decided sentiment in favor of adequate inspection. The savings bank section voted to make an experiment in taking statistics of savings accounts throughout the country. A publicity section was organized and various committee meetings held.

At the meeting of the trust company section it was stated by Clark Williams, of New York, vice president of the committee to secure State legislation for supervision of trust companies, that 21 States have specific supervision laws respecting trust companies, while four states—Arkansas, Ohio, Tennessee and Virginia—have no laws whatever as to trust companies. In these four States there are 112 trust companies and in the 21 States having laws are 751 companies, showing, he said, that 76 per cent. of the trust companies of the country are regulated by State legislation.

The trust company section elected the following officers:

President—Clark Williams, president of the New York and London Company, New York.

Vice President—Festus J. Wade, president of the Mercantile Trust Company, St. Louis.

The following officers were elected by the Savings Bank section:

President—Edward D. Duff, vice president People's Savings Bank, Pittsburg.

Vice President—G. Byron Latimer, secretary Irving Savings Institution, New York.

TRUST CASES ARE MOVED UP.

Paper Trust To Have Early Hearing—Tobacco Trust Case.

Washington, Oct. 10.—Solicitor General Hoyt today entered a motion in the Supreme Court of the United States to advance the hearing in the cases against the General Paper Company and others, and the cases against E. F. Hale and William H. McAlister, connected with the American Tobacco Company. Both sets of cases involve the right to compel witnesses to testify under the Sherman anti-trust law. It was stated that the defendants in the paper cases make no objection to an early hearing. The court took the motion into consideration.

In the tobacco trust proceeding McAlister and Hale refused to answer questions before or produce papers called for by a New York Federal grand jury upon the grounds that there was no authority for their examination and that their answers would incriminate them. They contended also that as the proceeding was merely before a grand jury, it was directed at no one in particular, and this will be one of the most important points to be decided. In urging early consideration the solicitor general says:

"The proceeding out of which these appeals arose is of wide public interest and importance. It is based upon the violation of the anti-trust law by corporations having capital stock of many millions of dollars and controlling a great part of the tobacco industry. The officers of two of these corporations have, in this proceeding, refused, unless compelled, to disclose material facts, and it is necessary, as soon as possible, to determine the rule of evidence upon which this and other proceedings of the kind must be conducted hereafter."
